WHO:

For beginners and advanced. For everybody who wants ' to develop in Art. Maximum 8 participants.

PROGRAM :

Everything 'that captures your eye' will be starting-point for making our first sketches, while working with several (basic) materials like pencil, ink and acrylics. We will work in picturesque **Camaione** with its panoramic views of beach and Tuscany hills and with its beautiful inspiring Nature. Also the city of **Lucca**, which is very nearby, is an option. If needed, you will be taught *basic information* like light, colours and composition. In my studio you will learn how to develop your first sketches into personal autonomous artworks. The advanced participants have the possibility to work in a more free way. Materials like pencils, paper and drawing boards will be present, however I encourage to bring your own brushes with you so that you feel more at ease while working. Classes are every day from 9 am - 5 pm with a break for lunch at midday. My intention is to stimulate you *to let you grow in your personal artworks* AND to give you sufficient 'ingredients' so that you " can keep going on " when you are back home.
